After you successfully enroll in an Event, you can access your Responses from the home page or the My Events page. If the Event or round has not yet begun, the Grit Test will email you when the event or round begins.

How to Respond to Events

1. After enrolling in an Event and that Event is open, access the Response phase from the To Do section of your home page or by clicking My Events on the top left.

2. Click the Responses Due button from the home page or the Respond button on your My Events page to begin.

3. Read the directions, then click the play button to watch the video prompt. Once you watch the prompt, you can record, review, and submit a one-minute response video.
